

1 I claim:

2

3 1. A garment hanger retail package comprising:
4 at least one garment hanger having a suspension member and two support arms
5 extending from the opposite directions of said suspension member for supporting a
6 garment; and
7 a display tag having a display area positioned substantially on top of said supporting
8 arms.

9

10 2. The garment hanger retail package of claim 1 wherein said suspension member
11 defines a hook portion; said display tag is further trimmed to positioned below said hook
12 portion.

13 3. The garment hanger retail package of claim 1 wherein the width of said display
14 tag is equal or shorter than the width of said garment hanger.

15 4. The garment hanger retail package of claim 1 wherein said display tag further
16 comprising a flap having a hole for engaging the suspension member of said garment
17 hanger.

18 5. The garment hanger retail package of claim 1 wherein said display tag further
19 comprising at least two holes, each located around the lower portion of said display tag.

20

21 6. The garment hanger retail package of claim 1 further comprising at least two
22 fasteners for securing said display tag to the body of said hanger.

23

24 7. The garment hanger retail package of claim 6 wherein said fasteners comprise
25 of material to provide a color similar to the color of the hanger behind the fasteners.

26

1 8. The garment hanger retail package of claim 6 wherein said garment hanger is an
2 adjustable width hanger having two stationary supporting arms and two movable arms
3 configured to adjust the width of said hanger, wherein said fasteners are attached either
4 to the medial portion or the stationary arms of said hanger so as not to interfere the
5 motion of said movable arms.

6
7 9. The garment hanger retail package of claim 1 wherein said package comprises
8 at least two garment hangers, and said display tag is positioned in between said two
9 hangers.

10
11 10. A garment hanger retail package comprising of at least a first and a second
12 garment hanger; each garment hanger having a suspension member and two support
13 arms extending from the opposite directions of said suspension member for supporting
14 a garment; and
15 a display tag positioned in between said first and second garment hanger having a
16 display area extending along the directions toward the remote ends of said support
17 arms.

18
19 11. The garment hanger retail package of claim 10 wherein said display area is
20 positioned substantially on top of said support arms.

21
22 12. The garment hanger retail package of claim 10 further comprising fastening
23 means for attaching at least two points of said garment hanger to said display tag.

24
25 13. The garment hanger retail package of claim 10 wherein said fastening means
26 comprises a flap folded from said display tag.

27
28 14. A garment hanger retail package comprising:

1 at least one garment hanger having a suspension member and two support arms
2 extending from the opposite directions of said suspension member for supporting a
3 garment;
4 a display tag positioned behind said garment hanger for defining a display area; and
5 fasteners provided for attaching at least two points of said garment hanger to said
6 display tag.

7
8 15. The garment hanger retail package of claim 14 wherein said fasteners comprise
9 a transparent tape.

10
11 16. The garment hanger retail package of claim 14 wherein said fasteners comprise
12 a tape similar in color to a portion of the hanger fastened by the tape.

13
14 17. The garment hanger retail package of claim 14 wherein said fasteners comprise
15 a flap folded from said display tag.

16
17 18. A garment hanger retail package comprising:
18 at least one garment hanger having a suspension member and two support arms
19 extending from the opposite directions of said suspension member for supporting a
20 garment; and
21 a display tag positioned behind said garment hanger for defining a display area,
22 wherein said display tag comprises a folded flap engaged with the suspension member
23 of said garment hanger.

24
25 19. The garment hanger retail package of claim 18 wherein said folded flap
26 comprises a hole for fitting said suspension member.

27
28 20. The garment hanger retail package of claim 18 wherein said hole is provided by
29 at least one slit.

21. The garment hanger retail package of claim 18 wherein said display area is positioned substantially on top of said supporting arms.
